

# CONFLUENCE:

## Where Streams Meet

Buddhism ♥ Sufism

a retreat with  
Murshid Wali Ali Meyer

June 3 - 6, 2010  
Camp Holiday Trails  
Charlottesville, VA

We will concentrate on the Dharma transmissions which came through Murshid Sam Lewis to Murshid Wali Ali. We will look specifically at Oneness practices from the teachings of several traditions. Included will be a study of the Flower Ornament Sutra, Dances and Walks to embody the teaching, and stories of Murshid Sam's Dharma lineages: Nyogen Sensaki, Papa Ramdas, and others. These transmissions are doorways to states of Joy, Ecstasy and Love and are maps to the more stable states of Clarity, Lucidity and Awareness.

## BRING YOUR ORIGINAL MIND

Murshid Wali Ali received his initial training in the lineage of Pir-o-Murshid Hazrat Inayat Khan, where he was a student of Murshid Samuel Lewis who was recognized as a master in both Sufi and Buddhist traditions. He is the head of the Esoteric School of the Sufi Ruhaniat International and in that role teaches internationally. He is currently completing a book on the 99 Beautiful Names of God.
